

Trouble shooting TV Installation

1. Some models of Island Escape Spas have reported the TV occasionally having difficulty being raised from its shell, especially after not using it for a while. Here are some things you can do get it to raise

2. Adjust orientation of the TV.

- 3.

4. Lubricate the joint for the TV where the metal bar travels up and down

5. All else fails, you may have to nudge the TV up manually with your hands inside the cabinetry
